Mareile Flitsch

University of Zurich

Skilling for Dialogue

Over several years no, skilled practice has been the focus of teaching, research and exhibiting at the Ethnographic Museum at the University of Zurich. This contribution reflects on the impact of such a research focus on a university museum, on collaborative projects with originator communities, on research-based teaching of social anthropology to students, on the doctoral formation in social anthropology, on visitors and publics.

Mareile Flitsch is Professor at the Department of Social Anthropology and Cultural Studies and Director of the Ethnographic Museum at the University of Zurich.
